

조서현

Computer Science and Engineering Student

Seoul National University

Email: andrew030818@snu.ac.kr

GitHub: <https://github.com/dawn-r0mance>

Education

Seoul National University

B.S. in Computer Science and Engineering

2025 - Present

Skills

Programming: Python, C, C++, Java, RISC-V, Verilog

Tools: Git, GitHub, VS Code

Interests: Software engineering, web development, algorithms, AI

Projects

Personal Website

- Built a static personal website using HTML and CSS.
- Deployed the website with GitHub Pages.

Course Projects

- Practiced programming fundamentals through coursework.
- Worked on problem solving, debugging, and code organization.

Activities

Programming Study / Club Activities

- Studied web development and programming basics.
- Practiced building small software projects.

Courses

Planned courses:

- Data Structures
- Computer Programming
- Algorithms
- Computer Systems
- Artificial Intelligence
- Automata Theory
